Day/Time Undetermined
Yutaka & Kayoko Yasuda

"He guides me along the right paths (paths of righteousness) for His name sake." Psalm 23:3b

The 4th problem we face is "indecision." Indecision is not knowing how to make decisions – wavering, hesitating, putting it off. If you want a better life you need to know how to make good decisions. Indecision creates procrastination and procrastination gives birth to depression. If you are not on the right path you are on a wrong path. You are either on the right path or on the path of destruction. However, God is our Ally. He is able to guide you in the right path (path of righteousness). Trust God to guide you in making the right decision and not struggle with indecisions. The Lord is our righteousness because **He is Jehovah Tsidqeno.**
